5. (Confidential - GLC) Talked with John Jackson, on the staff of Senator Leverett Saltonstall, in connection with material which had been sent to the Senator from [REDACTED] in connection with Afro-Asian and Latin American youth participation in the Helsinki Youth Festival. (See Journal of 10 July 1962) I advised Jackson that foreign attendees at a youth festival of this kind are extremely vulnerable to being discredited particularly if they come from the U.S. I also advised Jackson that our people confirmed their suspicions that [REDACTED] had an unsavory reputation and for these reasons we had decided not to support this project when it was considered earlier.
